

Instructions for making your canoe (*nawi*)

1

Cut out your canoe along the black line indicated. Be sure to keep the tabs attached. Turn your sheet so you can see the State Library logo.

2

Fold the ends of the canoe along the dotted lines as though you are folding a fan. Start by folding up towards you.

3

Draw the ends together and fasten with a rubber band. Repeat on the other end of the canoe.

4

Fold stretchers along the yellow and black dotted lines and staple (A to A, B to B) to both sides of the canoe where indicated.

5

Pinch and fold stretchers along the centre dotted line to finish the canoe.

YOU NEED:

- SCISSORS
- 2 RUBBER BANDS
- STAPLER

Cut line

Staple here

Fold back to make a mountain crease

Fold up towards you to make a valley crease

Your canoe (*nawi*) is now ready to launch!
