

### Activity 1: A museum for Captain Cook memorabilia

The State Library of NSW has a large collection of artefacts associated with Captain James Cook.

Students work in pairs or groups to:

- use a dictionary to find out the meaning of 'memorabilia'.
- examine the images of Cook memorabilia from the collection of the State Library of NSW.
- choose five (5) artefacts from the collection that you would use to create a museum display about Captain Cook.
- write a label for each artefact that explains:
  - what it is
  - how Captain Cook used it or how it relates to Captain Cook
  - what it tells us about Captain Cook
  - why it is important to preserve the artefact
