

Flip grid for teachers

What is flipgrid?

Flipgrid is a free online social learning platform for educators and families. The State Library of NSW has lots of fun learning activities to do at home or school which are simple, engaging and educational.

How can I access it?

We have activities for all ages and subjects which you can use for your students.

How can I set up flip grid for my class?

To create a free educator account visit <https://signup.flipgrid.com/from/SLNSW>

Once you have set up your educator account, create a Grid for your class. You can add the State Library's activities to your grid by viewing the activity, selecting your grid and clicking "Add". Your students can post video messages directly to you.

Flipgrid is integrated with google classroom, making it easy to share your grid with students. You can also provide students with the web link to your grid by email, text, or any communication system you are using.
