Professional development and events

Public Library Services staff coordinate a Professional Development program for New South Wales public library staff.

[Professional development course information][1]

Information about courses and training run by Public Library Services.
Information about seminars for NSW public library staff.

Upcoming events - Professional development [3]

Our Events calendar provides details of upcoming events at the State Library as well as other events that may be of interest to NSW public library staff.
Past events - Professional development

Events run by Public Library Services at the State Library are filmed or captured on slideshare when possible.
Online learning

23 Mobile Things

An online self-paced course exploring social media and other online tools.
Learning 2.1

A blog exploring technologies libraries are using to offer and promote services. The next step from Learning 2.0.
Learning 2.0 [8]

An online program developed by State Library staff, based on the original 23 Things course created by Helene Blowers.
