

Activity 7: Communicating – A letter to me

Address an envelope to yourself using the step by step instructions for addressing envelopes on the Australia Post website. <http://auspost.com.au/education/letterwriting/students/addressing.html> Each part represents the scale of places.

Paste an envelope in the centre of a page. Paste or draw and label a picture of you in a place that represents each scale:

Street address – personal scale – your house or street

Suburb – local scale – your school, park or shops

Stamp and postcode – national scale – a place in Australia you would like to visit

Use arrows to connect your drawings with the scale of places in your address on the envelope.
